Thank you for downloading **What Is Asian American Biblical Hermeneutics Reading The New Testament Intersections Asian And Pacific American Transcultural Studies**. Maybe you have knowledge that, people have look numerous times for their favorite books like this **What Is Asian American Biblical Hermeneutics Reading The New Testament Intersections Asian And Pacific American Transcultural Studies**, but end up in harmful downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some malicious bugs inside their computer.

What Is Asian American Biblical Hermeneutics Reading The New Testament Intersections Asian And Pacific American Transcultural Studies is available in our book collection an online access to it is set as public so you can get it instantly.

Our books collection saves in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the **What Is Asian American Biblical Hermeneutics Reading The New Testament Intersections Asian And Pacific American Transcultural Studies** is universally compatible with any devices to read

Handbook for Biblical Interpretation Jul 18 2019 This handbook provides a comprehensive guide to methods, terms, and concepts used by biblical interpreters. It offers students and non-specialists an accessible resource for understanding the complex vocabulary that accompanies serious biblical studies. Articles, arranged alphabetically, explain terminology associated with reading the Bible as literature, clarify the various methods Bible scholars use to study biblical texts, and illuminate how different interpretive approaches can contribute to our understanding. Article references and topical bibliographies point readers to resources for further study. This handbook, now updated and revised to be even more useful for students, was previously published as *Interpreting the Bible: A Handbook of Terms and Methods*. It is a suitable complement to any standard hermeneutics textbook.

"Yet with a Steady Beat" Jan 04 2021 These essays address issues of cultural criticism, utilization of Black religious sources, struggles of Afro-diasporan peoples, and ideological criticism in interpreting the biblical text, using new critical tools and challenging the discipline to broaden the canons of interpretation and sources. Paperback edition available from the Society of Biblical Literature (www.sbl-site.org).

Stony the Road We Trod Mar 18 2022 A hallmark of American Black religion is its distinctive use of the Bible in creating community, resisting oppression, and fomenting social change. *Stony the Road We Trod* accomplishes this--and much more. This expanded edition contains a new introduction and three new essays that underscore the historic importance of this book for a new generation.

Towards an Asian American Biblical Hermeneutics Sep 24 2022 Asian Americans are the fastest growing racial/ethnic population in the United States. Especially since the 1990s, readings by Asian American biblical scholars have been increasing to meet the particular theological and pastoral concerns of their Christian racial/ethnic seminarians, clergy, and churches. Gale A. Yee is one of their major interpreters, becoming the first Asian American and first woman of color president of the oldest professional guild devoted to the critical study of the Bible, the Society of Biblical Literature. This book is an anthology of her major, ground-breaking essays on Asian American theorizing and analysis of the biblical text. It is a retrospective of her growth of over almost three decades in wrestling with questions like "What is Asian American biblical hermeneutics and how does one undertake it?"

Ways of Being, Ways of Reading Sep 12 2021 *Ways of Being, Ways of Reading* is a collection of essays that address biblical interpretation and the Bible's role from an Asian North point of view. Beginning with the history of biblical interpretation in Asian countries and cultures, this impressive collection by noted contemporary scholars, address issues and themes such as cultural hermeneutics, the politics of identity, and what constitutes Asian American theology. Contributors include: Devadasan N. Premnath, John Yueh-Han Yieh, Samuel Cheon, Philip P. Chia, Andrew Yueking Lee, Lai Ling Elizabeth Ngan, Uriah Yong-Hwan Kim, Jean K. Kim, John Ahn, Mai-Anh Le Tran, Sze-Kar Wan, Gale A. Yee, Frank M. Yamada, Mary F. Foskett, and Henry W. Morisada Rietz

What Is Asian American Biblical Hermeneutics? Reading the New Testament Oct 25 2022 "Liew is one of the most articulate, creative and sophisticated biblical scholars in North America. *What Is Asian American Biblical Hermeneutics?* has not caused me to question that judgment. A set of provocative questions, arguments, issues, and problems, the book opens a window onto what it means for human beings to try to negotiate a rather complex contemporary world, with evidence of increasingly blurred but also thick ideological and social-cultural boundaries and overlapping but also recognizable and isolable identity formations. That Liew does this by using and bringing together the category "Asian American" and the phenomenon of the reading of "the Bible" as sharp analytical wedge is all the more fascinating. This impressive book represents the collapse of the center and a major shift in orientation to the peripheries. It is a major achievement and a major challenge." —Vincent L. Wimbush, Claremont Graduate University "A groundbreaking achievement! Dr. Liew uses his amazing breadth of scholarship to challenge Eurocentrism in biblical studies and secularism in Asian American studies at once. Like *Gender Trouble*, *The Future of an Illusion*, and other original work, this book will become a classic in Asian American biblical hermeneutics, setting the terms of debate for years to come. After Liew, reading the New Testament will never be the same again."—Kwok Pui-lan, Episcopal Divinity School, Cambridge, Massachusetts This is the first single-authored book on Asian American biblical interpretation. It covers all of the major genres within the New Testament and broadens biblical hermeneutics to cover not only the biblical texts, but also Asian American literature and current films and events like genome research and September 11. Despite its range, the book is organized around three foci: methodology (the distinguishing characteristics or sensibilities of Asian American biblical hermeneutics), community (the politics of inclusion and exclusion), and agency. The work intentionally affirms Asian America as a panethnic coalition while acknowledging the differences within it. In other words, it attempts to balance Asian American panethnicity and heterogeneity, or coalition building and identity politics.

The Bible and the American Myth May 28 2020 *The Bible and the American Myth* challenges the academic study of the Bible to orient itself to cultural criticism. The essays model an approach to the study of the Bible that entails efforts to fathom not only the meanings of texts, but the role of texts in the construction of meaning. It is all the more fascinating and poignant that the essayists are students of theology of varied backgrounds. What they have in common is the pursuit of theological studies at the mouth of Harlem. This location at the turn of the century inspired them to think differently about the focus and agenda of theological studies, especially biblical studies. Each essayist is convinced that the study of the Bible should entail the study of cultural construction and deconstruction, the study of the making and unmaking of cultural myths that shape existence.

Towards an Asian American Biblical Hermeneutics Feb 05 2021 Asian Americans are the fastest growing racial/ethnic population in the United States. Especially since the 1990s, readings by Asian American biblical scholars have been increasing to meet the particular theological and pastoral concerns of their Christian racial/ethnic seminarians, clergy, and churches. Gale A. Yee is one of their major interpreters, becoming the first Asian American and first woman of color president of the oldest professional guild devoted to the critical study of the Bible, the Society of Biblical Literature. This book is an anthology of her major, ground-breaking essays on Asian American theorizing and analysis of the biblical text. It is a retrospective of her growth of over almost three decades in wrestling with questions like "What is Asian American biblical hermeneutics and how does one undertake it?"

The Bible and African Americans Jun 28 2020 The unique encounter of African Americans with the Bible has shaped centuries of spirituality and social engagement of a whole continent. Highly respected biblical scholar Vincent Wimbush here outlines the five phases of African American reading and shows how the Bible offered a language-world through which Africans Americans have negotiated the strange land into which they were thrust.

Pillars of Cloud and Fire Jun 09 2021 At the birth of the United States, African Americans were excluded from the newly-formed Republic and its churches, which saw them as savage rather than citizen and as heathen rather than Christian. Denied civil access to the basic rights granted to others, African Americans have developed their own sacred traditions and their own civil discourses. As part of this effort, African American intellectuals offered interpretations of the Bible which were radically different and often

fundamentally oppositional to those of many of their white counterparts. By imagining a freedom unconstrained, their work charted a broader and, perhaps, a more genuinely American identity. In *Pillars of Cloud and Fire*, Herbert Robinson Marbury offers a comprehensive survey of African American biblical interpretation. Each chapter in this compelling volume moves chronologically, from the antebellum period and the Civil War through to the Harlem Renaissance, the civil rights movement, the black power movement, and the Obama era, to offer a historical context for the interpretative activity of that time and to analyze its effect in transforming black social reality. For African American thinkers such as Absalom Jones, David Walker, Zora Neale Hurston, Frances E. W. Harper, Adam Clayton Powell, and Martin Luther King, Jr., the exodus story became the language-world through which freedom both in its sacred resonance and its civil formation found expression. This tradition, Marbury argues, has much to teach us in a world where fundamentalisms have become synonymous with “authentic” religious expression and American identity. For African American biblical interpreters, to be American and to be Christian was always to be open and oriented toward freedom.

T&T Clark Handbook of Asian American Biblical Hermeneutics Aug 23 2022 The first reference resource on how Asian Americans are currently reading and interpreting the Bible, this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics. The volume works from the important background that Asian Americans are the fastest growing ethnic/racial minority population in the USA, and that 42% of this group identifies as Christian. This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible. Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population (by country of origin: China, Philippines, Indian Subcontinent, Vietnam, Korea, Japan) and outlines the specific concerns each group has when its members read the Bible. Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible. Finally, Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible, using what they consider to be Asian American hermeneutics. Taken together the Handbook interprets the Bible both with and for the Asian American communities.

Latino/a Biblical Hermeneutics Aug 11 2021 Engage essays that are profoundly theological and resolutely social In this collection of essays, contributors seek to analyze the vision of the critical task espoused by Latino/a critics. The project explores how such critics approach their vocation as critics in the light of their identity as members of the Latino/a experience and reality. A variety of critics—representing a broad spectrum of the Latino/a American formation, along various axes of identity—address the question in whatever way they deem appropriate: What does it mean to be a Latino/a critic? Features: Essays from sixteen scholars Articles bring together the fields of biblical studies and racial-ethnic studies Conclusion addresses directions for future research

Insights from African American Interpretation Jan 16 2022 Each volume in the Insights series discusses discoveries and insights gained into biblical texts from a particular approach or perspective in current scholarship. Accessible and appealing to today’s students, each Insight volume discusses how this method, approach, or strategy was first developed and how its application has changed over time; what current questions arise from its use; what enduring insights it has produced; and what questions remain for future scholarship. Mitzi J. Smith describes the distinctive African American experience of Scripture, from slavery to Black Liberation and beyond, and the unique angles of perception that an intentional African American interpretation brings to the text for a contemporary generation of scholars. Smith shows how questions of race, ethnicity, and the dynamics of “othering” have been developed in African American biblical scholarship, resulting in new reading of particular texts. Further, Smith describes challenges that scholarship raises for the future of biblical interpretation generally.

Scripture as Communication May 08 2021 Jeannine Brown, a seasoned teacher of biblical interpretation, believes that communication is at the heart of what happens when we open the Bible. We are actively engaging God in a conversation that can be life changing. In this guide to the theory and practice of biblical hermeneutics, Brown emphasizes the communicative nature of Scripture, proposing a communication model as an effective approach to interpreting the Bible. The new edition of this successful textbook has been revised and updated to interact with recent advances in interpretive theory and practice.

A Guide to Contemporary Hermeneutics Feb 23 2020 Acknowledging that hermeneutics has become an increasingly important major focus in theological study, Donald McKim's *A Guide to Contemporary Hermeneutics* presents a series of essays by various writers, assessing current hermeneutical approaches and methods of biblical hermeneutics from their own personal experience.

Blackening of the Bible Apr 07 2021 Michael Brown offers an overview of the history of the development of African American and Afrocentric biblical interpretation. He then discusses how such scholarship began as an attempt to correct the biases African Americans perceived to be manifest in European and Euro-American biblical scholarship. This corrective, he says, quickly developed a life of its own, and Afrocentric biblical interpretation developed its own interpretive voice and style. Brown also examines Afrocentrism and the "blackening of the Bible," offering a critique of the color politics of Afrocentric criticism. He examines the evolution of womanism as a method of biblical interpretation, and explores and criticizes the ways that ideological and postcolonial criticism has contributed to Afrocentric biblical criticism. Finally, he presents the challenges he thinks confront the practice of such criticism, and he advances a new paradigm for the project that will put it in conversation with a wider audience of biblical scholars, classicists, historians, and theologians. Michael Joseph Brown is Assistant Professor of New Testament and Christian Origins, Candler School of Theology, Emory University in Atlanta, Georgia. He is the author of *What They Don't Tell You: A Survivor's Guide to Academic Biblical Studies* and *The Lord's Prayer through North African Eyes: A Window into Early Christianity*.

African American Readings of Paul Oct 21 2019 The letters of Paul—especially the verse in Ephesians directing slaves to obey their masters—played an enormous role in promoting slavery and justifying it as a Christian practice. Yet despite this reality African Americans throughout history still utilized Paul extensively in their own work to protest and resist oppression, responding to his theology and teachings in numerous—often starkly divergent and liberative—ways. In the first book of its kind, Lisa Bowens takes a historical, theological, and biblical approach to explore interpretations of Paul within African American communities over the past few centuries. She surveys a wealth of primary sources from the early 1700s to the mid-twentieth century, including sermons, conversion stories, slave petitions, and autobiographies of ex-slaves, many of which introduce readers to previously unknown names in the history of New Testament interpretation. Along with their hermeneutical value, these texts also provide fresh documentation of Black religious life through wide swaths of American history. *African American Readings of Paul* promises to change the landscape of Pauline studies and fill an important gap in the rising field of reception history.

The Talking Book Dec 23 2019 *The Talking Book* casts the Bible as the central character in a vivid portrait of black America, tracing the origins of African-American culture from slavery’s secluded forest prayer meetings to the bright lights and bold style of today’s hip-hop artists. The Bible has profoundly influenced African Americans throughout history. From a variety of perspectives this wide-ranging book is the first to explore the Bible’s role in the triumph of the black experience. Using the Bible as a foundation, African Americans shared religious beliefs, created their own music, and shaped the ultimate key to their freedom—literacy. Allen Callahan highlights the intersection of biblical images with African-American music, politics, religion, art, and literature. The author tells a moving story of a biblically informed African-American culture, identifying four major biblical images—Exile, Exodus, Ethiopia, and Emmanuel. He brings these themes to life in a unique African-American history that grows from the harsh experience of slavery into a rich culture that endures as one of the most important forces of twenty-first-century America.

Reimagining America Jul 22 2022 "The American character," Charles Mabee writes, "is grounded in the metaphor of universal scientific and technological experiment," an experiment in which some may see God at work and others may not. Americans are a "religious" people, but they are also "scientific." Both theologians and scientists must confront the antagonism between the "particularistic" world view inherited from the Judeo-Christian tradition and the "fundamentally universal orientation" of science. Modern study of the Bible, grounded in "scientific method," has liberated the text from the imperatives of ecclesiastical dogma; it's practitioners "have constructed elaborate safeguards against subjective interpretation." Yet the subjective component of biblical study remains - " only now the name of this component is science itself . . ." -- Book jacket.

The Bible and the Hermeneutics of Liberation Jul 30 2020 The same Bible that historically has been invoked to support exploitation is also a source of inspiration for those fighting oppression and injustice. This collection of essays highlights the different receptions that liberation-ist hermeneutics has found in a number of contemporary contexts. The authors, originating from various countries and continents and nurtured by diverse theological insights, provide regional overviews of liberating struggles and liberation hermeneutics or engage the biblical text from various perspectives, including mujerista and feminist Afrocentric readings. This is an enriching panorama of ideas and readings all centered on the Bible as a key to liberation.

Scripture and Its Interpretation Nov 02 2020 Top-notch biblical scholars from around the world and from various Christian traditions offer a fulsome yet readable introduction to the Bible and its interpretation. The book concisely introduces the Old and New Testaments and related topics and examines a wide variety of historical and contemporary interpretive approaches, including African, African-American, Asian, and Latino streams. Contributors include N. T. Wright, M. Daniel Carroll R., Stephen Fowl, Joel Green, Michael Holmes, Edith Humphrey, Christopher Rowland, and K. K. Yeo, among others. Questions for reflection and discussion, an annotated bibliography, and a glossary are included.

Introduction to Biblical Interpretation Jan 24 2020 *Introduction to Biblical Interpretation*, now in its third edition, is a classic hermeneutics textbook that sets forth concise, logical, and practical guidelines for discovering the truth in God’s Word. With updates and revisions throughout that keep pace with current scholarship, this book offers students the best and most up-to-date information needed to interpret Scripture. *Introduction to Biblical Interpretation*: Defines and describes hermeneutics, the science of biblical interpretation Suggests effective methods to understand the meaning of the biblical text Surveys the literary, cultural, social, and historical issues that impact any text Evaluates both traditional and modern approaches to Bible interpretation Examines the reader’s role as an interpreter of the text and helps identify what the reader brings to the text that could distort its message Tackles the problem of how to apply the Bible in valid and significant ways today Provides an extensive and revised annotated list of books that readers will find helpful in the practice of biblical interpretation Used in college and seminary classrooms around the world, this volume is a trusted and valuable tool for students and other readers who desire to understand and apply the Bible.

The Hermeneutics of Historical Distance Feb 17 2022 Historians have tended to create a dualistic paradigm, which excludes a mediating biblical criticism in America. For polemical reasons, it has been easier for both conservatives and liberals to polarize moderates as the opposition or to ignore them altogether. Rather than the common modernist/fundamentalist paradigm, which is dualistic, a more accurate way to interpret the biblical criticism of late nineteenth century America is to construe a theological spectrum extending from right to left. *The Hermeneutics of Historical Distance* tells the story of late nineteenth century moderate American biblical criticism. Robert Moore-Jumonville's study serves as a lens for examining the broader context and complexities of American biblical studies during the period and the result is a more subtly nuanced view of American biblical criticism.

Contemporary Biblical Hermeneutics Aug 31 2020 Appearing in English for the first time, this classic introduction to the field of hermeneutics covers a wide range of approaches to biblical interpretation. Presenting a brief history of philosophical hermeneutics, Manfred Oeming uses a clear structure to emphasize why there are, and why there must be, different and differing approaches to the interpretation of a text, in this case particularly the biblical text. The often confusing multiplicity of approaches to biblical

interpretation are introduced along accessible lines, concluding with an argument for an acceptance of a multiplicity of approaches to account for the many layers of the biblical text. Incorporating discussion of the German hermeneutical tradition, exemplified by the work of Heidegger, Bultmann, and Gadamer, this book helps to bridge Anglo-American and German scholarly traditions. It will be of great assistance to students, teachers and preachers.

Culture and Biblical Hermeneutics Jun 16 2019 No issue now occupies contemporary evangelicals more than the role of culture in biblical interpretation. In *Culture and Biblical Hermeneutics* the author not only analyzes the current debate but also makes a significant contribution to it. This volume grapples with what the author calls "the challenge that historical and cultural relativism poses to the hermeneutical process when applied to the authoritative Scripture." He accomplishes his goal admirably by exploring both the origin and the current state of biblical hermeneutics and by developing a biblical theology of hermeneutics and culture.

An Introduction to Womanist Biblical Interpretation Oct 13 2021 *An Introduction to Womanist Biblical Interpretation* provides a much-needed introduction to womanist approaches to biblical interpretation. It argues that womanist biblical interpretation is not simply a byproduct of feminist biblical interpretation but part of a distinctive tradition of African American women's engagement with biblical texts. While womanist biblical interpretation is relatively new in the development of academic biblical studies, African American women are not newcomers to biblical interpretation. Written in an accessible style, this volume highlights the importance of both the Bible and race in the development of feminism and the emergence of womanism. It provides a history of feminist biblical interpretation and discusses the current state of womanist biblical interpretation as well as critical issues related to its development and future. Although some African American women identify themselves as "womanists," the term, its usage, its features, and its connection to feminism remain widely misunderstood. This excellent textbook is perfect for helping to introduce readers to the development and applications of womanist biblical interpretation.

T&T Clark Handbook of Asian American Biblical Hermeneutics Dec 03 2020 The first reference resource on how Asian Americans are currently reading and interpreting the Bible, this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics. The volume works from the important background that Asian Americans are the fastest growing ethnic/racial minority population in the USA, and that 42% of this group identifies as Christian. This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible. Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population (by country of origin: China, Philippines, Indian Subcontinent, Vietnam, Korea, Japan) and outlines the specific concerns each group has when its members read the Bible. Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible. Finally, Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible, using what they consider to be Asian American hermeneutics. Taken together the Handbook interprets the Bible both with and for the Asian American communities.

Reading While Black Nov 14 2021 Reading Scripture from the perspective of Black church tradition can help us connect with a rich faith history and address the urgent issues of our times. Demonstrating an ongoing conversation between the collective Black experience and the Bible, New Testament scholar Esau McCaulley shares a personal and scholarly testament to the power and hope of Black biblical interpretation.

Missiological Hermeneutics Dec 15 2021 How have those engaged in the mission of God been challenged to reinterpret Scripture through their experience? In what ways were the missionaries in the Bible challenged to reevaluate Scripture in their own time? Redford attempts to give shape to the nature of missional hermeneutics by examining Scripture, present-day cultural values, historical struggles, and the experience of those who are engaged in the mission of God. In order for missionaries to overcome the scientific polarization in Western hermeneutics, they must be able to perceive and learn from the overarching missional and spiritual hermeneutics found throughout Scripture so that they can balance missional, spiritual, historical-critical, and even unforeseen hermeneutical paths, providing increased confidence in biblical interpretation.

Beyond the Impasse Mar 26 2020 Contemporary biblical scholarship has reached an impasse. The various programs for bridging the gap between the ancient texts and their contemporary theological and ethical appropriation are often unsatisfactory at best and at worst even suspect in their results. We need an effective way to cross the bridge ... or a new bridge. Ronald Farmer suggests that a "process hermeneutic" holds promise of moving biblical interpretation beyond the current impasse. This is the first comprehensive introduction to a process hermeneutic. It is not, however, merely theoretical discussion, but moves from the side of biblical scholarship to develop a solid methodology for bridging the gap between text and life. Farmer applies his process hermeneutic to a difficult text Revelation 4-5 - and demonstrates this promising method in a piece of solid, responsible, and instructive interpretation.

Stony the Road We Trod May 20 2022 A hallmark of American black religion is its distinctive use of the Bible in creating community, resisting oppression, and fomenting social change. What can critical biblical studies learn from the African American experience with the Bible, and vice versa? This singular volume marks the emergence of a critical mass of black biblical scholars. Combining sophisticated exegesis with special sensitivity to issues of race, class, and gender, the authors of this scholarly collection examine the nettling questions of biblical authority, blacks and African in biblical narratives, and the liberating aspects of Scripture. Together they are reshaping and redefining the questions, concerns, and scholarship that determine how the Bible is appropriated by church, academy, and the larger society today.

BIBLICAL HERMENEUTICS Nov 21 2019 **BIBLICAL HERMENEUTICS** by Milton S. Terry has been the standard text for over 130 years for generations of students, pastors, and serious Bible readers. There have been hundreds of books written over that time, and they all have only one thing in common, they quote Milton S. Terry's **BIBLICAL HERMENEUTICS**. Why read those who quote the standard when you can now read the new, revised, updated standard itself. This third edition has been substantially updated and expanded. Edward D. Andrews, the author of 160+ books and Chief Translator of the Updated American Standard Version, makes significant adjustments to history's best book on biblical hermeneutics even better. In addition, five new chapters have been included that address more recent controversial issues. **BIBLICAL HERMENEUTICS** offers all the best and most up-to-date information needed to interpret Scripture the correct way. Yes, the approach herein has not changed, nor will it ever. It follows the longstanding historical-grammatical method of interpretation (objective), not the modern historical-critical method (subjective). If today's churchgoer can learn the correct principles and processes for biblical hermeneutics, more accurate and beneficial biblical interpretation can be accomplished. In this new third edition of **BIBLICAL HERMENEUTICS**, Bible scholar Edward D. Andrews gives the reader a thorough study of hermeneutics as a discipline. **BIBLICAL HERMENEUTICS** has never been broken. The modern scholarship did that. Now, we can access the standard that has long been quoted by thousands of scholars and tens of thousands of pastors.

Reading Sacred Texts Through American Eyes Apr 19 2022

I Found God in Me Oct 01 2020 *I Found God in Me* is the first womanist biblical hermeneutics reader. In it readers have access, in one volume, to articles on womanist interpretative theories and theology as well as cutting-edge womanist readings of biblical texts by womanist biblical scholars. This book is an excellent resource for women of color, pastors, and seminarians interested in relevant readings of the biblical text, as well as scholars and teachers teaching courses in womanist biblical hermeneutics, feminist interpretation, African American hermeneutics, and biblical courses that value diversity and dialogue as crucial to excellent pedagogy.

Biblical Hermeneutics Apr 26 2020 This book presents proponents of five approaches to biblical hermeneutics and allows them to respond to each other. The five approaches are the historical-critical/grammatical (Craig Blomberg), redemptive-historical (Richard Gaffin), literary/postmodern (Scott Spencer), canonical (Robert Wall) and philosophical/theological (Merold Westphal) views.

Sharing in the Son's Inheritance Sep 19 2019 This book explores the link between Paul's belief that Jesus is Israel's Messiah, and his interpretation of the Abrahamic Land Promise in Galatians. Countering claims that Paul replaces the Promised Land with the gift of the Spirit or salvation, Esau McCaulley argues that Paul expands this inheritance to include the whole earth; believing that, as the seed of Abraham and David, Jesus is entitled to the entire world as his inheritance and kingdom. McCaulley argues that scholars have neglected Paul's expanded interpretation of the inheritance of the earth, rarely appreciate the role that messianism plays in Galatians, and fail to acknowledge that Second Temple authors often portrayed royal and messianic figures as God's means of fulfilling the promises made to Abraham and Israel, via the establishment of kingdoms. Through a comparison of texts from the Pseudepigrapha, apocrypha, and the Dead Sea Scrolls with Galatians 3:1–4:7, 5:21, McCaulley argues Paul's interpretation of Jesus's death is a manifestation of Second Temple messianism because it ends the covenant curses outlined in Deuteronomy and begins the restoration of the inheritance to Abraham's offspring through the establishment of Jesus's worldwide kingdom; he concludes that Paul's interpretation of the Abrahamic inheritance is inseparable from his belief that Jesus is Israel's Messiah.

Studies in American Biblical Hermeneutics Jun 21 2022

The Community of Interpreters Aug 19 2019

Biblical Hermeneutics Jul 10 2021

African Hermeneutics Mar 06 2021 Interpretation of Scripture occurs within one's worldview and culture, which enhances our understanding and ability to apply Scripture in the world. However, few books address Bible interpretation from an African perspective and no other textbook uses the intercultural approach found here. This book brings both an awareness of how one's African context gives a lens to hermeneutics, but also how to interpret texts with integrity despite our cultural influences. African Hermeneutics was born of Prof Elizabeth Mburu's frustration at only having textbooks that predominantly followed a Western worldview to teach her African students. Mburu's approach to hermeneutics is one that begins in Africa, moving from the known to the unknown as students learn to apply her 'four-legged stool model' to biblical texts, namely examining: the parallels to African contexts, the theological context, the literary context, and the historical and cultural context. This textbook will help students and pastors interpret Scripture with greater accuracy in their own context, allowing for faithful application in their local contexts.
