Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Girl in Pieces May 07 2020 Fans of Girl, Interrupted, Thirteen Reasons Why, and All the Bright Places will love this New York Times bestseller. "A haunting, beautiful, and necessary book that will stay with you long after you've read the last page."—Nicola Yoon, #1 New York Times bestselling author of Everything, Everything and The Sun Is Also a Star Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she

undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. And don't miss Kathleen Glasgow's novels *You'd Be Home Now* and *How to Make Friends with the Dark*, both raw and powerful stories of life.

NYSTCE Multi-Subject: Teachers of Childhood (221/222/245 Grade 1-Grade 6) Secrets Study Guide: NYSTCE Test Review for the New York State Teacher Certi Aug 29 2019

The Road Mar 05 2020 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

Lore Feb 02 2020 From the #1 New York Times best-selling author of *The Darkest Minds* comes a sweepingly ambitious, high-octane tale of power, destiny, love, and redemption. Every seven years, the Agon begins. As punishment for a past rebellion, nine Greek gods are forced to walk the earth as mortals. They are hunted by the descendants of ancient bloodlines, all eager to kill a god and seize their divine power and immortality. Long ago, Lore Perseus fled that brutal world, turning her back on the hunt's promises of eternal glory after her family was murdered by a rival line. For years she's pushed away any thought of revenge against the man—now a god—responsible for their deaths. Yet as the next hunt dawns over New York City, two participants seek her out: Castor, a childhood friend Lore believed to be dead, and Athena, one of the last of the original gods, now gravely wounded. The goddess offers an alliance against their mutual enemy and a way to leave the Agon behind forever. But Lore's decision to rejoin the hunt, binding her fate to Athena's, will come at a deadly cost—and it may not be enough to stop the rise of a new god with the power to bring humanity to its knees.

New York Burning Aug 22 2021 Pulitzer Prize Finalist and Anisfield-Wolf Award Winner In New York Burning, Bancroft Prize-winning historian Jill Lepore recounts these dramatic events of 1741, when ten fires blazed across Manhattan and panicked whites suspecting it to be the work a slave uprising went on a rampage. In the end, thirteen black men were burned at the stake, seventeen were hanged and more than one hundred black men

and women were thrown into a dungeon beneath City Hall. Even back in the seventeenth century, the city was a rich mosaic of cultures, communities and colors, with slaves making up a full one-fifth of the population. Exploring the political and social climate of the times, Lepore dramatically shows how, in a city rife with state intrigue and terror, the threat of black rebellion united the white political pluralities in a frenzy of racial fear and violence.

New York 2140 Mar 17 2021 New York Times bestselling author Kim Stanley Robinson returns with a bold and brilliant vision of New York City in the next century. As the sea levels rose, every street became a canal. Every skyscraper an island. For the residents of one apartment building in Madison Square, however, New York in the year 2140 is far from a drowned city. There is the market trader, who finds opportunities where others find trouble. There is the detective, whose work will never disappear -- along with the lawyers, of course. There is the internet star, beloved by millions for her airship adventures, and the building's manager, quietly respected for his attention to detail. Then there are two boys who don't live there, but have no other home -- and who are more important to its future than anyone might imagine. Lastly there are the coders, temporary residents on the roof, whose disappearance triggers a sequence of events that threatens the existence of all -- and even the long-hidden foundations on which the city rests.

A Shopkeeper's Millennium Aug 10 2020 A quarter-century after its first publication, *A Shopkeeper's Millennium* remains a landmark work--brilliant both as a new interpretation of the intimate connections among politics, economy, and religion during the Second Great Awakening, and as a surprising portrait of a rapidly growing frontier city. The religious revival that transformed America in the 1820s, making it the most militantly Protestant nation on earth and spawning reform movements dedicated to temperance and to the abolition of slavery, had an especially powerful effect in Rochester, New York. Paul E. Johnson explores the reasons for the revival's spectacular success there, suggesting important links between its moral accounting and the city's new industrial world. In a new preface, he reassesses his evidence and his conclusions in this major work.

Perceptive, funny, and nostalgic, the author's stroll around Manhattan—with the reader arm-in-arm—remains the quintessential love letter to the city, written by one of America's foremost literary figures. Here is New York has been chosen by The New York Times as one of the ten best books ever written about the city. The New Yorker calls it "the wittiest essay, and one of the most perceptive, ever done on the city."
