Freya assists her boss on his quest to clear Finn's name, but while Butler becomes increasingly desperate to help his boyhood friend, Freya is crumbling under the weight of the secrets she is keeping. As the past threatens to consume them both, do both detectives stand to lose more than they can bear? A tense and atmospheric police procedural from the author of the unforgettable Last Place You Look. Praise for Under a Dark Cloud 'A great and unique locked room mystery that had me guessing all the way through to a fantastic ending. Under a Dark Cloud is full of drama, mystery and tension. One of my favourite series around.' James Delargy 'A coiled and wholly satisfying mystery, elevated by melancholic piquancy. The authentic police thrills and teasing dynamics of the characters are handled with the same elegance as the rueful climax, which long after the book is closed still feels perfect and inevitable.' Dominic Nolan 'Once again Louisa Scarr has created a thoroughly believable world in which to set a brilliantly compulsive story. The characters are so well-drawn that it's a pleasure to spend time with them, and I can't wait for number three!' Alison Belsham 'Characters I care about, inventive plot and expert storytelling – a big thumbs up from me.' Fliss Chester 'A fast-paced and deft meteorological mystery that twists its way to a brilliant conclusion. Scarr's characters are beautifully realised, flawed and complex – their stories make the quiet moments every bit as rewarding as the dramatic ones. If you haven't already read Butler & West, you're in for a treat...' Heather Critchlow 'A must read for fans of U.K. Crime Fiction. A fast paced addictive story. A locked room murder with an original twist' NetGalley Review '?????' 'The plot is original, superbly woven and the cast of characters is made up of well developed and engaging individuals. Overall, a captivating, suspenseful and atmospheric page-turner with more than enough going on to keep you invested. Highly recommended.' NetGalley Review 'I absolutely loved this!' NetGalley Review 'I read this very happily in two sessions and am await more in the series. Well worth reading!' NetGalley Review 'Great premise. Well written. A page turner. Plenty of suspense to keep me guessing .The ending leaving everything tied up left me satisfied. Definitely will read her next offering.' NetGalley Review

**Under A Cloud** Aug 02 2022 "Excellently crafted, touching, a pleasure to read. The characters are multi-dimensional. The issues raised are important and timely. Under A Cloud is, simply, very good." -Marilyn Olsen, president, Public Safety Writers Association Matt Holland and Rachel Cook, two of the most highly regarded of 'New York's Finest,' are involved in a fateful shooting that ravages a city, becomes the focus of a landmark civil rights case, and powerfully reshapes the lives of those most closely touched by the incident. The white officers' accidental and tragic shooting of an innocent black teen in a poverty-stricken Brooklyn neighborhood triggers a bitter racial confrontation, along with lengthy investigations and political maneuverings that threaten to destroy a community, shatter lives and overwhelm the truth. As the riveting drama unfolds, both the officers and the family of the slain teen become immersed in intense inner crises, as they struggle to come to terms with the tragedy and its impact on their lives. In the process, they come to experience first-hand the stereotypes, hatred and fears that can divide us as a people-and the actions and emotions that can ultimately bond and help us heal.

**Life Under a Cloud** Nov 05 2022 Presents an account of the impact of the atomic bomb on American political and cultural life. This title delineates how fears of nuclear disaster have become a part of our culture. Tracing the debate over military and civilian uses of atomic power, it reveals the irony, anxiety, and official insanity of the atomic age.

**Under a Mushroom Cloud** Apr 17 2021 Since Iran's illicit nuclear programme was exposed to a stunned world in 2002, Tehran has defied the international community and continued to pursue its nuclear goals. What drives this seemingly apocalyptic quest? Are Iran's aims rational or not? Under a Mushroom Cloud analyses this catastrophic and murky situation, and examines Iran's dual-track approach of accelerating its nuclear activities while weaving itself ever more tightly into the fabric of the European economy. Thriving trade between Europe and Iran, and heavy European involvement in Iran's energy industry, have weakened Europe's will to impose robust sanctions - but imposing them is the only practical way of protecting Europe's strategic interests and ensuring the stability of the region. Under a Mushroom Cloud offers a clear and compelling answer to this dilemma. Drawing on extensive research, including interviews with senior officials and security and intelligence personnel from many countries involved in the effort to stop Iran developing a nuclear bomb, it provides a comprehensive account of a serious strategic threat to Europe, and offers an original list of practical recommendations for European policymakers who must confront it. **Under the Cloud** Jul 21 2021 There must be a reason such a large portion of Scripture is devoted to the Nation of Israel's journey from bondage in Egypt to freedom in the Promised Land. Authors Jack and Ruth McDonald contend that each individual Christian's life is also a journey from bondage to freedom. The good news is that just as God was with Israel each step of the way, He promises direction and protection for our journey as well. Under the Cloud is still the place to be. Jack and Ruth use the inerrant and unchanging message of the Bible to encourage brothers and sisters to be on the move again. As you read you will discover how to successfully deal with the stresses of life. Discarding excess baggage and learning to travel light will become a way of life. Don't struggle for another single day; read Under the Cloud and find the high road today.
