Thank you extremely much for downloading **Nietzsche Philosopher Psychologist Antichrist Princeton Classics**. Most likely you have knowledge that, people have seen numerous periods for their favorite books subsequently this Nietzsche Philosopher Psychologist Antichrist Princeton Classics, but stop happening in harmful downloads.

Rather than enjoying a fine PDF once a cup of coffee in the afternoon, instead they juggled similar to some harmful virus inside their computer. **Nietzsche Philosopher Psychologist Antichrist Princeton Classics** is reachable in our digital library an online right of entry to it is set as public correspondingly you can download it instantly. Our digital library saves in complex countries, allowing you to get the most less latency era to download any of our books taking into account this one. Merely said, the Nietzsche Philosopher Psychologist Antichrist Princeton Classics is universally compatible behind any devices to read.

Friedrich Nietzsche and the Politics of the Soul Jul 10 2021 Reading Nietzsche's works as the "political biography of his soul," Leslie Thiele presents an original and accessible essay on the great thinker's attempt to lead a heroic life as a philosopher, artist, saint, educator, and solitary. He takes as his point of departure Nietzsche's conception of the soul as a multiplicity of conflicting drives and personae, and focuses on the task Nietzsche allotted himself "to make a cosmos out of his chaotic inheritance." This struggle to "become what you are" by way of a spiritual politics is demonstrated to be Nietzsche's foremost concern, which fused his philosophy with his life. The book offers a conversation with Nietzsche rather than a consideration of the secondary literature, yet it takes to task many prevalent approaches to his work, and contests especially the way we often restrict our encounter with him to conceptual analysis. All deconstructionist attempts to portray him as solely concerned with the destruction of the subject and the dispersion of the self, rather than its unification, are called into question. Often portrayed as the champion of nihilism, Nietzsche here emerges as a thinker who saw his primary task as the overcoming of nihilism through the heroic struggle of individuation.

Nietzsche May 20 2022

The Portable Nietzsche Oct 01 2020 The works of Friedrich Nietzsche have fascinated readers around the world ever since the publication of his first book more than a hundred years ago. As Walter Kaufmann, one of the world's leading authorities on Nietzsche, notes in his introduction, "Few writers in any age were so full of ideas," and few writers have been so consistently misinterpreted. The Portable Nietzsche includes Kaufmann's definitive translations of the complete and unabridged texts of Nietzsche's four major works: *Twilight of the Idols*, *The Antichrist*, *Nietzsche Contra Wagner* and *Thus Spoke Zarathustra*. In addition, Kaufmann brings together selections from his other books, notes, and letters, to give a full picture of Nietzsche's development, versatility, and inexhaustibility. "In this volume, one may very conveniently have a rich review of one of the most sensitive, passionate, and misunderstood writers in Western, or any, literature." —Newsweek

Nietzsche's 'On the Genealogy of Morality' Nov 14 2021 Nietzsche's *On the Genealogy of Morality* (1887) is a forceful, perplexing, important book, radical in its own time and profoundly influential ever since. This introductory textbook offers a comprehensive, close reading of the entire work, with a section-by-section analysis that also aims to show how the *Genealogy* holds together as an integrated whole. The *Genealogy* is helpfully situated within Nietzsche's wider philosophy, and occasional interludes examine supplementary topics that further enhance the reader's understanding of the text. Two chapters examine how the *Genealogy* relates to standard questions in moral and political philosophy. Written in a clear, accessible style, this book will appeal to students at every level coming to read the *Genealogy* for the first time, and a wider range of readers will also benefit from nuanced interpretations of controversial elements in Nietzsche's work.

Basic Writings of Nietzsche Mar 06 2021 Introduction by Peter Gay Translated and edited by Walter Kaufmann Commentary by Martin Heidegger, Albert Camus, and Gilles Deleuze One hundred years after his death, Friedrich Nietzsche remains the most influential philosopher of the modern era. *Basic Writings of Nietzsche* gathers the complete texts of five of Nietzsche's most important works, from his first book to his last: *The Birth of Tragedy*, *Beyond Good and Evil*, *On the Genealogy of Morals*, *The Case of Wagner*, and *Ecce Homo*. Edited and translated by the great Nietzsche scholar Walter Kaufmann, this volume also features seventy-five aphorisms, selections from Nietzsche's correspondence, and variants from drafts for *Ecce Homo*. It is a definitive guide to the full range of Nietzsche's thought. Includes a Modern Library Reading Group Guide

Breakfast With Socrates Dec 23 2019 What does it mean to be awake? What exactly is therapeutic about retail therapy? And what are you really working on when you're at your desk, in the gym, or having dinner? From getting ready in the morning, through heading to work, going to a party, having sex and falling back to sleep, *Breakfast with Socrates* provides an hour-by-hour commentary on what history's greatest philosophers have said about the meaning behind everything we do. A fascinating exploration of our daily lives, *Breakfast with Socrates* also draws on literature, art, politics and psychology to offer an informal introduction to the history of ideas that will help anyone to think more healthily. *Breakfast* will never be the same again...

Kierkegaard and Nietzsche May 08 2021 This book examines the thinking of two nineteenth-century existentialist thinkers, Soren Kierkegaard and Friedrich Nietzsche. Its focus is on the radically different ways they envisioned a joyful acceptance of life - a concern they shared. For Kierkegaard, in *Fear and Trembling*, joyful acceptance flows from the certitude of faith. For Nietzsche, in *Thus Spoke Zarathustra*, joyful acceptance is an acceptance of the eternal recurrence of life, and is ultimately a matter of will. This book explores the relationship between these opposed visions.

Goethe, Kant, and Hegel Aug 11 2021 This immensely readable and absorbing book - the first of a three-volume series on understanding the human mind - concentrates on three major figures who have changed our image of human beings. Kaufmann drastically revises traditional conceptions of Goethe, Kant, and Hegel, showing how their ideas about the mind were shaped by their own distinctive mentalities. Kaufmann's version of psychohistory stays clear of gossip and is carefully documented. He offers us a radically new understanding of two centuries of intellectual history, but his primary focus is on self-knowledge. He is in a unique position to perform this task by virtue of being, according to Stephen Spender, "the best translator of Faust"; and in Sidney Hook's view, "unquestionably the most interesting and informative writer of Hegel in English." The foremost interpreter of Kant, Lewis White Beck, has called this book on Goethe, Kant, and Hegel "fascinating" - a work which "will stir up a good many people by telling them things they have never heard, and providing an alternative to what is the accepted reading of that part of the history of philosophy. The story of how personality affects philosophy has never been better told." We are shown how Goethe advanced the discovery of the mind more than anyone before him, while Kant was in many ways a disaster. Hegel, like others between 1790 to 1990, tried to reconcile Kant and

Goethe. Kaufmann shows this is impossible He paints a large picture, but he is always highly specific and details the major contributions of Goethe and Hegel as well as the ways in which Kant's immense influence proved catastrophic.

Critique of Religion and Philosophy Jun 21 2022 The description for this book, Critique of Religion and Philosophy, will be forthcoming.

Nietzsche, Philosopher, Psychologist, Antichrist Aug 19 2019 A most sensible exposition of Nietzsche's philosophy.

Nietzsche and Depth Psychology Feb 23 2020 Explores the psychological aspects of Nietzsche's thought and his influence on psychological thinkers such as Freud, Jung, and Adler.

From Shakespeare to Existentialism Jan 16 2022 A companion volume to his Critique of Religion and Philosophy, this book offers Walter Kaufmann's critical interpretations of some of the great minds in Western philosophy, religion, and literature.

Nietzsche's Moral Psychology Sep 19 2019 Examines Nietzsche's thinking on the virtues using a combination of close reading and digital analysis.

Basic Writings of Existentialism Jun 16 2019 Edited and with an Introduction by Gordon Marino Basic Writings of Existentialism, unique to the Modern Library, presents the writings of key nineteenth- and twentieth-century thinkers broadly united by their belief that because life has no inherent meaning humans can discover, we must determine meaning for ourselves. This anthology brings together into one volume the most influential and commonly taught works of existentialism. Contributors include Simone de Beauvoir, Albert Camus, Fyodor Dostoevsky, Ralph Ellison, Martin Heidegger, Søren Kierkegaard, Friedrich Nietzsche, Jean-Paul Sartre, and Miguel de Unamuno y Jugo.

The Shadow of the Antichrist Jun 09 2021 "In The Shadow of the Antichrist, Williams fills a significant gap in the scholarly literature by examining Nietzsche's critique of Christianity and his continuing influence. Williams begins with a basic question - What was it about Christianity that caused Nietzsche's agitation? He aims to answer that question not with a systematic survey of Nietzsche's thought but rather through a careful examination of themes that emerge in his ruminations on religion."--BOOK JACKET.

The Little Book of History Jan 24 2020 Exploring more than 60 of the most important events in world history, this ebook is the perfect introduction to the past, and ideal for summer reads. From the birth of Athenian democracy to the rise and fall of Rome and from the American Revolution to the landing beaches of World War II, The Little Book of History brings the past to life. Includes infographics and flowcharts that explain complex concepts in a simple but exciting way, this ebook examines the events that shaped our past. Charting the human era from the beginnings of civilization to the modern culture of today this ebook makes the perfect introduction to the human story. One of a series of new, compact sister titles to DK's "Big Ideas" series, The Little Book of History offers you the same combination of clear text and hard-working infographics perfect for vacation reading.

Hiking with Nietzsche Mar 26 2020 "A stimulating book about combating despair and complacency with searching reflection." --Heller McAlpin, NPR.org Named a Best Book of 2018 by NPR. One of Lit Hub's 15 Books You Should Read in September and one of Outside's Best Books of Fall A revelatory Alpine journey in the spirit of the great Romantic thinker Friedrich Nietzsche Hiking with Nietzsche: Becoming Who You Are is a tale of two philosophical journeys—one made by John Kaag as an introspective young man of nineteen, the other seventeen years later, in radically different circumstances: he is now a husband and father, and his wife and small child are in tow. Kaag sets off for the Swiss peaks above Sils Maria where Nietzsche wrote his landmark work Thus Spoke Zarathustra. Both of Kaag's journeys are made in search of the wisdom at the core of Nietzsche's philosophy, yet they deliver him to radically different interpretations and, more crucially, revelations about the human condition. Just as Kaag's acclaimed debut, American Philosophy: A Love Story, seamlessly wove together his philosophical discoveries with his search for meaning, Hiking with Nietzsche is a fascinating exploration not only of Nietzsche's ideals but of how his experience of living relates to us as individuals in the twenty-first century. Bold, intimate, and rich with insight, Hiking with Nietzsche is about defeating complacency, balancing sanity and madness, and coming to grips with the unobtainable. As Kaag hikes, alone or with his family, but always with Nietzsche, he recognizes that even slipping can be instructive. It is in the process of climbing, and through the inevitable missteps, that one has the chance, in Nietzsche's words, to "become who you are."

Nietzsche Jul 22 2022

Friedrich Nietzsche Feb 17 2022 A look at the life and work of the influential philosopher reveals his anguished existence and assesses the philosophical connotations of his morality, religion, and art.

The Affirmation of Life Sep 12 2021 While most recent studies of Nietzsche's works have lost sight of the fundamental question of the meaning of a life characterized by inescapable suffering, Bernard Reginster's book The Affirmation of Life brings it sharply into focus. Reginster identifies overcoming nihilism as a central objective of Nietzsche's philosophical project, and shows how this concern systematically animates all of his main ideas.

Walter Kaufmann Dec 03 2020 "The first complete account of the ideas and writings of a major figure in twentieth-century intellectual life. Walter Kaufmann (1921-1980) was a charismatic philosopher, critic, translator, and poet who fled Nazi Germany at the age of eighteen, emigrating alone to the United States. He was astonishingly prolific until his untimely death at age fifty-nine, writing some dozen major books, all marked by breathtaking erudition and a provocative essayistic style. He single-handedly rehabilitated Nietzsche's reputation after World War II and was enormously influential in introducing postwar American readers to existentialism. Until now, no book has examined his intellectual legacy. Stanley Corngold provides the first in-depth study of Kaufmann's thought, covering all his major works. He shows how Kaufmann speaks to many issues that concern us today, such as the good of philosophy, the effects of religion, the persistence of tragedy, and the crisis of the humanities in an age of technology. Few scholars in modern times can match Kaufmann's range of interests, from philosophy and literature to intellectual history and comparative religion, from psychology and photography to art and architecture. Corngold provides a heartfelt portrait of a man who, to an extraordinary extent, transfigured his personal experience in the pages of his books. This original study, both appreciative and critical, is the definitive intellectual life of one of the twentieth century's most engaging yet neglected thinkers. It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar's incomparable libido sciendi, or lust for knowledge."--

Nietzsche's The Gay Science Aug 31 2020 Shows how Nietzsche's pivotal work The Gay Science formulates his three key concepts: the death of God, eternal recurrence and self-fashioning.

The Faith of a Heretic Mar 18 2022 Originally published in 1959, The Faith of a Heretic is the most personal statement of the beliefs of Nietzsche biographer and translator Walter Kaufmann. A first-rate philosopher in his own right, Kaufmann here provides the fullest account of his views on religion. Although he considered himself a heretic, he was not immune to the wellsprings and impulses from which religion originates, declaring it among the most vital and radical expressions of the human mind. Beginning with an autobiographical prologue that traces his evolution from religious believer to "heretic," the book touches on theology, organized religion, morality, suffering, and death—all examined from the perspective of a "quest for honesty." Kaufmann also subjects philosophy's faith in truth, reason, and absolute morality to the same heretical treatment. The resulting exploration of the faiths of a nonbeliever in a secular age is as fresh and challenging as when it was first published. In a new foreword, Stanley Corngold vividly describes the intellectual and biographical milieu of Kaufmann's provocative book.

Plato-Nietzsche Jul 30 2020 Uncovers in the works of Plato and Nietzsche, not some royal road to truth, but rather the intensity of their love and commitment to the life of thought, whatever it discovers and wherever it might lead.

Nietzsche Oct 25 2022 This classic is the benchmark against which all modern books about Nietzsche are measured. When Walter Kaufmann wrote it in the immediate aftermath of World War II, most scholars outside Germany viewed Nietzsche as part madman, part proto-Nazi, and almost wholly unphilosophical. Kaufmann rehabilitated Nietzsche nearly single-handedly, presenting his works as one of the great achievements of Western philosophy. Responding to the powerful myths and countermyths that had sprung up around Nietzsche, Kaufmann offered a patient, evenhanded account of his life and works, and of the uses and abuses to which subsequent generations had put his ideas. Without ignoring or downplaying the ugliness of many of Nietzsche's proclamations, he set them in the context of his work as a whole and of the counterexamples yielded by a responsible

reading of his books. More positively, he presented Nietzsche's ideas about power as one of the great accomplishments of modern philosophy, arguing that his conception of the "will to power" was not a crude apology for ruthless self-assertion but must be linked to Nietzsche's equally profound ideas about sublimation. He also presented Nietzsche as a pioneer of modern psychology and argued that a key to understanding his overall philosophy is to see it as a reaction against Christianity. Many scholars in the past half century have taken issue with some of Kaufmann's interpretations, but the book ranks as one of the most influential accounts ever written of any major Western thinker. Featuring a new foreword by Alexander Nehamas, this Princeton Classics edition of Nietzsche introduces a new generation of readers to one the most influential accounts ever written of any major Western thinker.

Nietzsche Aug 23 2022 This classic is the benchmark against which all modern books about Nietzsche are measured. When Walter Kaufmann wrote it in the immediate aftermath of World War II, most scholars outside Germany viewed Nietzsche as part madman, part proto-Nazi, and almost wholly unphilosophical. Kaufmann rehabilitated Nietzsche nearly single-handedly, presenting his works as one of the great achievements of Western philosophy. Responding to the powerful myths and countermyths that had sprung up around Nietzsche, Kaufmann offered a patient, evenhanded account of his life and works, and of the uses and abuses to which subsequent generations had put his ideas. Without ignoring or downplaying the ugliness of many of Nietzsche's proclamations, he set them in the context of his work as a whole and of the counterexamples yielded by a responsible reading of his books. More positively, he presented Nietzsche's ideas about power as one of the great accomplishments of modern philosophy, arguing that his conception of the "will to power" was not a crude apology for ruthless self-assertion but must be linked to Nietzsche's equally profound ideas about sublimation. He also presented Nietzsche as a pioneer of modern psychology and argued that a key to understanding his overall philosophy is to see it as a reaction against Christianity. Many scholars in the past half century have taken issue with some of Kaufmann's interpretations, but the book ranks as one of the most influential accounts ever written of any major Western thinker.

Thus Spoke Zarathustra Jun 28 2020 Thus Spoke Zarathustra is a foundational work of Western literature and is widely considered to be Friedrich Nietzsche's masterpiece. It includes the German philosopher's famous discussion of the phrase 'God is dead' as well as his concept of the Superman. Nietzsche delineates his Will to Power theory and devotes pages to critiquing Christian thinking, in particular Christianity's definition of good and evil. Revised translation with modern American English spelling.

Simply Nietzsche Oct 21 2019 "This is the best introductory text on Nietzsche in English, German or French, and in three respects: it is genuinely introductory without being superficial; it reflects good philosophical judgment; and it stakes out interesting and plausible hypotheses on some vexed questions of interpretation. The writing is also crisp and engaging throughout." —Brian Leiter, Karl N. Llewellyn Professor of Jurisprudence, Director of the Center for Law, Philosophy, and Human Values, The University of Chicago Born and raised in a small town in Prussia, Friedrich Wilhelm Nietzsche (1844-1900) began his career in philology (the study of language), and served as a professor at the University of Basel. In 1879, he was forced to leave due to health issues, which afflicted him throughout his life. Supported by his university pension and aided by friends, he spent the next decade as an independent author, writing the books for which he would become famous, including Thus Spake Zarathustra, Beyond Good and Evil, and On the Genealogy of Morals. In 1889, at the age of 44, Nietzsche had a mental breakdown from which he never recovered, dying in 1900. Yet in just ten years, he produced a body of work that would mark him as one of the most influential philosophers of all time. In *Simply Nietzsche*, Professor Peter Kail traces the development of Nietzsche's thought through the various phases of his life. Emphasizing the philosopher's critique of modern morality and his revolutionary conception of the self, he also discusses key motifs of Nietzsche's thought, such as the death of God, the will to power and the eternal recurrence. Even those who have never read Nietzsche or are unsure of why he's important have heard his name. With Prof. Kail as a guide, *Simply Nietzsche* provides an unparalleled and accessible introduction to the life and ideas of this most remarkable thinker.

I Am Dynamite! Jan 04 2021 NEW YORK TIMES Editors' Choice • THE TIMES BIOGRAPHY OF THE YEAR • WINNER OF THE HAWTHORNDEN PRIZE A groundbreaking new biography of philosophy's greatest iconoclast Friedrich Nietzsche is one of the most enigmatic figures in philosophy, and his concepts—the Übermensch, the will to power, slave morality—have fundamentally reshaped our understanding of the human condition. But what do most people really know of Nietzsche—beyond the mustache, the scowl, and the lingering association with nihilism and fascism? Where do we place a thinker who was equally beloved by Albert Camus, Ayn Rand, Martin Buber, and Adolf Hitler? Nietzsche wrote that all philosophy is autobiographical, and in this vividly compelling, myth-shattering biography, Sue Prideaux brings readers into the world of this brilliant, eccentric, and deeply troubled man, illuminating the events and people that shaped his life and work. From his placid, devoutly Christian upbringing—overshadowed by the mysterious death of his father—through his teaching career, lonely philosophizing on high mountains, and heart-breaking descent into madness, Prideaux documents Nietzsche's intellectual and emotional life with a novelist's insight and sensitivity. She also produces unforgettable portraits of the people who were most important to him, including Richard and Cosima Wagner, Lou Salomé, the femme fatale who broke his heart; and his sister Elizabeth, a rabid German nationalist and anti-Semite who manipulated his texts and turned the Nietzsche archive into a destination for Nazi ideologues. *I Am Dynamite!* is the essential biography for anyone seeking to understand history's most misunderstood philosopher.

Nietzsche Sep 24 2022

Nietzsche For Beginners May 28 2020 Not only does *Nietzsche For Beginners* delve into the scandalous life and considerable works of Friedrich Nietzsche, it also give a clear picture of the puzzling time in which he lived. We meet the luminaries of the day - Richard Wagner, Bismarck, Freud, and Darwin - and see their influences on his work. We also receive introductions to some of the great minds that preceded and shaped his writing. Luther, Schopenhauer, Hegel, and Kant. Sautet clarifies the individual philosophers and their contributions, making the book an important introduction to philosophy. Nietzsche's famous ménage à trois, his theories of Superman, of the Antichrist of nihilism, and Zarathustra, and his posthumous and misinformed use by the Nazis make for a fascinating read.

Tragedy and Philosophy Feb 05 2021 A critical re-examination of the views of Plato, Aristotle, Hegel and Nietzsche on tragedy. Ancient Greek tragedy is revealed as surprisingly modern and experimental, while such concepts as mimesis, catharsis, hubris and the tragic collision are discussed from different perspectives.

Nietzsche's View of Socrates Apr 26 2020 Clarifying a crucial aspect of Nietzsche's work—his constant preoccupation with Socrates—this intensive study also provides a general introduction to the philosophy of an important and difficult thinker. Through close analyses of two of his major books, *The Birth of Tragedy* and *Twilight of the Idols*, as well as his other writings, Professor Dannhauser rescues Nietzsche's thought from the vague generalities that it has too often provoked. His book will be especially valued as a judicious presentation of the quarrel between modern and ancient philosophy. While he makes clear his admiration for Nietzsche, he expresses his doubts that Nietzsche "won" his debate with Socrates.

Nietzsche on Freedom and Autonomy Oct 13 2021 The principal aim of this volume is to elucidate what freedom, sovereignty, and autonomy mean for Nietzsche and what philosophical resources he gives us to re-think these crucial concepts. A related aim is to examine how Nietzsche connects these concepts to his thoughts about life-affirmation, self-love, promise-making, agency, the 'will to nothingness', and the 'eternal recurrence', as well as to his search for a 'genealogical' understanding of morality. These twelve essays by leading Nietzsche scholars ask such key questions as: Can we reconcile his rejection of free will with his positive invocations of the notion of free will? How does Nietzsche's celebration of freedom and free spirits sit with his claim that we all have an unchangeable fate? What is the relation between his concepts of freedom and self-overcoming? The depth in which these and related issues are explored gives this volume its value, not only to those interested in Nietzsche, but to all who are concerned with the free will debate, ethics, theory of action, and the history of philosophy.

The 100 Most Influential Philosophers of All Time Apr 07 2021 Presents an introduction to the world's most influential philosophers, with a brief summary of their lives and teachings, from the early philosophers of the Greek era up to the major philosophers of the twentieth century.

Nietzsche: A Very Short Introduction Jul 18 2019 The philosophy of Friedrich Nietzsche (1844-1900) was almost wholly neglected during his sane life, which came to an abrupt end in 1889. Since then he has been appropriated as an icon by an astonishingly diverse spectrum of people, whose

interpretations of his thought range from the highly irrational to the firmly analytical. Thus Spoke Zarathustra introduced the 'superman' and *The Twilight of the Idols* developed the 'Will to Power' concept; these term, together with 'Sklavenmoral' and 'Herrenmoral', became confused with the rise of nationalism in Germany. Idiosyncratic and aphoristic, Nietzsche is always bracing and provocative, and temptingly easy to dip into. Michael Tanner's readable introduction to the philosopher's life and work examines the numerous ambiguities inherent in his writings. It also explodes the many misconceptions fostered in the hundred years since Nietzsche wrote, prophetically: 'Do not, above all, confound me with what I am not!'

ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Religion from Tolstoy to Camus Nov 02 2020 First published in 1961, this volume brings together basic writings and religious truths and morals from a wide range of sources. Tolstoy, Dostoevsky, Plus II, Leo XIII, Nietzsche, James, Royce, Wilde, Freud, Niemöller, Barth, Maritain, Tillich, Schweitzer, Buber, Camus, and others, all have sought the religious truth about man, and have in the last three quarters of our century made great contributions to religious thought, critical often of the accepted and fashionable religion of their day, but greatly concerned to purify religion as they understood it. Dr. Waller Kaufman, of Princeton University, who has already written extensively on philosophy and religion, supplies an editorial and critical note for each of his subject, thus providing valuable continuity and evaluation. Such a book as this deserves a place in all libraries, public and private, so that it will be possible to quote these men from knowledge, rather than hearsay many times removed from the original. "The point is not to win friends for religion, or enemies, but to provoke greater thoughtfulness. Here are texts that deserve to be pondered and discussed. Some of them I have criticized in other volumes; in such cases, the references are given. But in the present book nothing is included merely to be disparaged, nor is anything offered only to be praised. The hope is that those who read this book will gain a deeper understanding of religion."—Walter Kaufmann, Preface

Is the Age of the Antichrist, Martyrdom, Rapture and the Millennial Kingdom Coming? (I) Nov 21 2019 After the 9/11 terrorist attacks, traffic to "www.raptureready.com," an Internet site providing information on the end times, is reported to have increased to over 8 million hits, and according to a joint survey by CNN and TIME, over 59% of the Americans now believe in apocalyptic eschatology. Responding to such demands of the time, the author provides a clear exposition of the key themes of the Book of Revelation, including the coming Antichrist, the martyrdom of the saints and their rapture, the Millennial Kingdom, and the New Heaven and Earth—all in the context of the whole Scripture and under the guidance of the Holy Spirit. This book provides verse-by-verse commentaries on the Book of Revelation supplemented by the author's detailed sermons. Anyone who reads this book will come to grasp all the plans that God has in store for this world. Now is the time for you to recognize the absolute need to believe in the gospel of the water and the Spirit, so that you may gain the wisdom that can deliver you from all the trials and tribulations of the end times. With these two books, and by believing in the gospel of the water and the Spirit, you will be able to overcome all the trials and tribulations prophesied in Revelation.

Nietzsche, Life as Literature Dec 15 2021 Argues that Nietzsche tried to create a specific literary character in his writings and discusses the paradoxes of his work

German Philosophers Apr 19 2022 German Philosophers contains studies of four of the most important German theorists: Kant, arguably the most influential modern philosopher; Hegel, whose philosophy inspired an enduring vision of a communist society; Schopenhauer, renowned for his pessimistic preference for non-existence; and Nietzsche, who has been appropriated as an icon by an astonishingly diverse spectrum of people.
